and produced in the manufacturing plant

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the standard(s)

**EN 1504-2: 2004**

It is proof that the performance characteristics specified in the audit report numbered CPR-233/26, which is an integral part of this certificate and is annexed to this certificate under system 2+, are implemented and that all requirements of the Factory Production Control determined for these performances are compliant. This certificate was first issued on 16.03.2026 and will remain valid as long as neither the harmonised standard, the construction product, the assessment and verification of constancy of performance methods nor the manufacturing conditions and factory production control in the factory are modified significantly, unless suspended or withdrawn by the notified factory production control certification body. The certificate is supported through annual surveillance audit and is reissued after each surveillance audit.
